Events

- IPK: At the annual public day on 9th of June 2007 demonstration plots containing Lactuca and Eruca accessions from the Leafy Veg with an explanation of the EU Leafy Veg project were shown to a general audience.
- IPK: At the annual public day on 7th of June 2008 demonstration plots containing Lactuca and Eruca accessions from the Leafy Veg with an explanation of the EU Leafy Veg project were shown to a general audience.
- Arche Noah: In May 2009 a day was organized in which the general audience could taste and evaluate 15 accessions of the Lactuca collection involved in the Leafy Veg project at Arche Noah.
- Garden Organic: Organic Harvest at Garden Organic Ryton in 2009. Public event with more than 700 people attending. 111 of these took part in a taste testing of Eruca accessions (and standards) from the trials.
[http://www.gardenorganic.org.uk /events/show_event.php?id=471](http://www.gardenorganic.org.uk/events/show_event.php?id=471)
- IPK: At the annual public day on 6th of June 2009 demonstration plots containing Lactuca and Eruca accessions from the Leafy Veg with an explanation of the EU Leafy Veg project were shown to a general audience
- CGN: Visit of breeders to the characterization field of lettuce located in Wageningen on June 9 2010.
- IPK: At the annual public day on 12th of June 2010 demonstration plots containing Lactuca and Eruca accessions from the Leafy Vegetables with an explanation of the EU Leafy Vegetables project were shown to a general audience.
- IPK: Demonstration plots were shown to visitors in the course of the State Horticultural Show (Landesgartenschau) in Aschersleben in June 2010.

Other

- Kik, C. (2007). Interview Radio Gelderland
- In 2009 WHRI secured a jointly funded minor leafy vegetable breeding project with a breeding company. This project has accessed accession from the collections maintained by CGN, WHRI and GEVES and utilized market evaluation data produced by Garden Organic and UNIBO.
